PROFILE

Passionate Computer Science student and aspiring Full-Stack Web Developer with hands-on experience building and hosting modern, responsive, and secure web applications. Skilled in HTML, CSS, JavaScript, React, PHP, Laravel, and MySQL, with growing knowledge in Cybersecurity to develop safer and more reliable web solutions. Developed real-world projects featuring authentication systems, database integration, secure backend functionality, and modern UI/UX designs fully responsive across all screen sizes and devices.

TECHNICAL SKILLS

Frontend: HTML5 • CSS3 • JavaScript • React • Bootstrap

Backend: PHP • Laravel • MySQL • REST APIs

Tools: Git • GitHub • Responsive Web Design • UI/UX

Programming: Java • C++

Security: Cybersecurity Concepts • Secure Authentication

PRACTICAL EXPERIENCE

- Built and deployed responsive full-stack web applications using PHP and MySQL.
 - Implemented secure authentication systems and database-driven functionality.
 - Developed modern frontend interfaces optimized for desktop and mobile devices.
 - Worked with Git & GitHub for version control and project management.
-

PROJECTS

Nexora Academy – Full-Stack Online Learning Platform

Developed and hosted a modern educational platform with secure user authentication, responsive UI/UX design, and MySQL database integration.

Nexora Blog – Social Blogging Platform

Built a social blogging platform where users can create and share posts, interact through comments, follow other users, and manage personalized profiles in an engaging community environment.

Task Flow – Task Management Application

Built a responsive task management web application using HTML, CSS, and JavaScript.

Instagram Clone

Created a responsive Instagram-inspired social media interface with interactive UI elements.

Personal Portfolio Website

Designed and developed a modern responsive portfolio website showcasing projects and technical skills.
